

➤➤➤ DRB 30 - 50 hp
DRB IVR 30 - 50 hp

Solid, simple, smart:
Advanced reliability in
compressed air

DRB 30-50 Gear driven DRB 30-50 IVR Direct driven

Compressed air drives your company. Consequently, choosing the right compressor is crucial. Going for our DRB and DRB IVR ranges of highly efficient and flexible oil-injected screw compressors is a choice you will not regret. Bring some fresh air into your company and enjoy the strong performance and high efficiency that come with it.

The new DRB IVR closely follows the air demand by automatically adjusting the motor speed. Combined with the innovative design of direct driven transmission, this results in average energy savings of 35% and an average cut of 25% in the lifecycle cost of a compressor.

User benefits

Simple Installation

- Compact and all in one system, thanks to the oversized integrated dryers. Compressed air quality can be improved by the cyclonic water separator and the coalescent filter is available as an option.
- Innovative design
- Easy and fully protected transport
- No special foundation needed

Solid Quality

Outstanding and first-class components:

- Highly reliable transmissions, for a quiet and trouble-free operation.
- High capacity oil/air coolers, perfect air filtration and cooling guarantee less thermal shocks and a longer lifetime.
- Overload protection and full automatic control.
- High quality and heavy duty motor.

Easy Maintenance and Accessibility

- All service components are located at the front of the machine for excellent accessibility, you just have to open the frontal door for an easy access for service or cleaning, easy access of the coolers, oil filter, separator and air filter replacements.
- Oil-level eye at the front
- Easy and quick check thanks to service door and controller
- Service and cleaning is a one person job

Saving of costs

- Lower energy consumption thanks to IE3 motors or IVR technology
- Optimal efficiency, lubrication and cooling
- Long service intervals

Safety

- Emergency stop
- Protection grid
- IP 54 electrical cubicle
- Internal and external protection for the electric fan.

Optional and standard features

OPTIONS LIST	Factory	Sales
OIL 8000H	✓	✗
CANOPY HEATER	✓	✓
FOOD GRADE OIL	✓	✗
OPTION ENERGY RECOVERY	✓	✓
HEAVY DUTY INLET FILTER	✓ std on 30 and 37 kW	✓ std on 30 and 37 kW
COALESCENCE FILTER OPTION 0,1 ppm residual oil content	✓ (with dryer)	✓ (with dryer)
WATER SEPARATOR DRAIN (WSD) + automatic drain	✓	✓
PHASE SEQUENCE RELAY	std	std
TROPICAL THERMOSTAT	std	std

Main isolator SWITCH	✓	✗
Silencing baffle	✓	✓

✓ = available ✗ = not available

SMART TECHNICAL ADVANTAGES

CUSTOMIZE YOUR MACHINES THROUGH A WIDE RANGE OF OPTIONS:

- Energy recovery to recover energy and reduce your energy bill
- Canopy heaters for low temperature installation

ES 4000 AS STANDARD
ES 4000 ADVANCED AS OPTION
FOR ALL THE MODELS

THE ENERGY CUTTER:

The new direct driven IVR version grants very low specific energy requirements and one of the widest turndowns of its category.

VERY BIG AIR OIL COOLER AND OPTIMIZED AIR FLOW

grant a very efficient cool down. Standard filtration panel extending service intervals. Air and oil filters and the oil vessel are easy to reach from the main door making serviceability very easy and fast.

YOUR ENERGY EFFICIENT AND SOLID PERFORMANCE

- 1 cooling air filter
- 2 emergency stop
- 3 controller
- 4 oil separator (40 - 50 hp)
- 5 oil separator (30 - 35 hp)
- 6 electrical cubicle
- 7 converter
- 8 air filter
- 9 air end
- 10 motor
- 11 fan motor
- 12 gear box (FS)
- 13 direct transmission (IVR)
- 14 water separator drain
- 15 coalescent filter
- 16 dryer

» Energy audit

A frequency driven compressor potentially offers a very energy efficient compressed air installation, with a return on investment of typically 1-2 years. To help you decide to go with a frequency driven compressor or not, Ceccato has created the Energy Cutter, a tool which calculates in an easy way and visually presents the yearly savings that can be obtained from investing in a frequency driven compressor for any specific industry. Besides the Energy Cutter tool, Ceccato offers energy audits, specialized advice to make sure you make the right decision when buying your compressor.

Oil injected screw compressors, gear and direct driven

DRB and DRB IVR

- A high quality product offering you **technology you can trust**.
- Our products are **easy to use** and guarantee high **reliability**.
- Distributors are always nearby ensuring **availability** of both products and support.
- Choosing our high performance products entails a **partnership** that will boost your business.
- Safeguarding long-term productivity through optimal **serviceability** and use of original parts.

Care. Trust. Efficiency.

Care.

Care is what service is all about: professional service by knowledgeable people, using high-quality original parts.

Trust.

Trust is earned by delivering on our promises of reliable, uninterrupted performance and long equipment lifetime.

Efficiency.

Equipment efficiency is ensured by regular maintenance. Efficiency of the service organization is how Original Parts and Service make the difference.
